Direct object pronouns attach to the end of affricates consistently. Examples:

affricates always (not)

The direct object pronouns answer 1 question: "Who?" and "What?"

The direct object pronouns are:

Yo = you	Tu = you
Tu = you	Os = you (all)
Le/Lo = him, her, it	Les/Los = them

When you add the direct object to the end, you have to add an accent mark. This requires the addition of the word, and write the accent mark on the "r" in the last syllable.

Look at some examples:

Buy the book → **compra el libro** → **compra el libro** → **¡Compralo!**

So **compra** would get an accent mark over the "r" in **compra**.

Write the letter → **escribe la carta** → **escribe la carta** → **¡Escribela!**

So **escribe** for **la carta** get an accent mark over the "r" in **escribe**.

Open the door → **abre la puerta** → **abre la puerta** → **¡Abrela!**

So **abre** for **la puerta** get an accent mark over the "r" in **abre**.
