

grades and overview of what to expect in 2nd grade in Science.

Below are the criteria you will need to follow in order to create a successful presentation.

1.) Select a unit from the Science Book.

- a. Earth Science pg. 14-44
- b. Physical Science pg. 44-110
- c. Life Science pg. 110-187

2.) Creating a way to introduce the unit you are teaching

will you be:

- a. Making a video or informational video?
- b. Creating a comic strip?
- c. Developing poster boards with facts and details?
- d. Giving a speech?
- e. Using a different idea? _____

3.) These things will need to be included in your presentation:

- a. Specific facts from each lesson in the unit.
- b. Vocabulary from the unit.
- c. A summary of what each lesson covers.
- d. Examples that help the 2nd graders understand what you are explaining to them.
- e. Pictures and diagrams that help the students see what you are talking about.

4.) Where will you be writing from your class?

- a. Since you have written down all your ideas and exactly how you want to present the information to the 2nd graders, you will be putting all of
