

My Interesting Holiday

We and my family going on holiday to the island of Bali. We were there June the 10th to June the 15th . I went with my father, mother, sister, and my brother.

In the morning, we departed in car. We drove for two days and staying at a hotel near Ubud (Bali) at night .

Arriving in Bali, we immediately find some nice viewpoints, when we see all the ponds, and went to Kuta Beach. I have a nice friend there, her name is Franisca.

The next day, we only get around on the island of Bali and when back at the hotel.

In our last day there, then, we go back to Denpasar. It's very interesting with my holiday there.

In it all my vacation when I used to drink (fruit and a nice wine) and I studied Junior High School again.

That's all about my holiday .

Thank you ...
