Per. _____

Ch 6 Concept Map – Sedimentary Rock

- Biogenic
- Bituminous coal
- Boulder
- Breccia
- Calcite
- Carbonates
- Cement
- Cementation
- Chemical
- Chert
- Clastic
- Clasts
- Clay
- Cobble
- Compaction
- Conglomerate
- Continental
- Deposited
- Erosion
- Evaporites
- Formations
- Halite
- Lithification
- Marine
- Matrix
- Organic
- Pebble
- Precipitation
- Principle of original horizontality
- Recrystallization
- River sorting
- Sand
- Sandstone
- Sediment
- Shale
- Siliceous
- Silt
- Transitional
- Transported
- Weathering

Directions: Using colored pencils, categorize the terms above into groups, then complete the concept map based on your groupings.
