

Here are some angles.

Put the letter 'A' next to those that are acute and the letter 'O' next to those that are obtuse. If you see any right angles, put a letter 'R' on them.

**Acute angle**

An angle greater than  $0^\circ$ ,  
and less than  $90^\circ$

**Obtuse Angle**

An angle greater than  $90^\circ$ ,  
and less than  $180^\circ$
