

## Food Chain Worksheets

Name \_\_\_\_\_

Date \_\_\_\_\_

Use these words to complete the food chain.

producer    sun    consumer    rabbit    shaded  
environment    food    plants    herbivores  
omnivores    omnivores

Animals are divided into two groups: herbivores and omnivores. Herbivores are animals that have a diet of plants. Omnivores eat both plants and animals. Some animals are both herbivores and omnivores. Complete the food chain using the words in the box.

## Food Chain Worksheets

Name \_\_\_\_\_

Date \_\_\_\_\_

My words: Try and use the spelling of these words.

Producers    plants    consumers    herbivores  
omnivores    herbivores    omnivores    omnivores

Complete the food chain.

Energy from the sun is used by \_\_\_\_\_

to produce \_\_\_\_\_
