Organizational Patterns (RI.5.5)

1. Chronological Order- the story is organized by dates and times (Ex. timeline)

2. Comparison and Contrast- the story looks at similarities and differences of things. (Ex. Venn Diagram)

3. Cause and Effect- there are causes / occurrences, and they have effects on characters (Ex. hard work= success)

4. Sequential Order- the story follows a step by step pattern (Ex. Food Recipe)

5. Problem and Solution- there is a conflict / problem, and a solution is presented

6. Order of Importance- the most important information goes first, followed by less important information.
