Math Practice: Line Plots (2.MD.9)

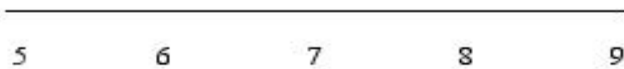

Directions: Read the story and answer questions about the line plot.

Mrs. Teller is a second grade teacher. She is trying to organize the ages of the students in her classroom. She has 16 students and needs to make a line plot of their ages. She needs your help.

The list below shows the ages of the students in her classroom.

7, 7, 7, 6, 5, 6, 6, 8, 9, 8, 8, 7, 6, 7, 7, 7,

Ages of Second Graders

Use the line plot to answer each question.

1. How many students are 8 years old? _____
2. How many students were 6 years old? _____
3. How old were the most students? _____
4. How many students were older than 6? _____
5. How many students did Mrs. Teller have in her class? _____
