

Hands - A Target for Germs

Day 1: Describe the experiment you have done.  
Show what you put in the 4 Petri dishes at the beginning of the experiment.

.....  
.....  
.....

.....

.....

.....

Week 2: Draw what you see in the dishes and write down what you think is happening.

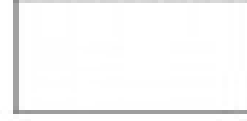

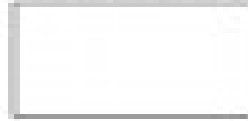

.....

.....

.....

.....  
.....  
.....

Week 3: Draw what you see in the dishes and write down what you think is happening.

.....

.....

.....

.....  
.....  
.....

What's your conclusion?
