

Section two S/R/W

Aims: -build background knowledge and review concepts
-react to a topic

1- Comment on the following picture and identify the topic of today's lesson.

.....
.....?

2-What else can we inherit from our ancestors?

2-Read the following letter and try to figure out little Suzie's problem.

My parents both have brown eyes but mine are blue. Lately, my little brother was born and his eyes are brown too. I am confused what's going on? I am afraid I am adopted.

.....
.....

Your gender and physical characteristics are determined by your This same factor differentiates us from plants,and all living organisms.
