

My grandparents

On Sundays we go to visit our grandparents. Grandmother's name is Mary and grandfather's name is John. Grandma is short and thin. Her hair is long and grey and she keeps it in a bun. She is always happy with a smile on her face. She bakes cakes and pies. She likes to tell us stories. We all like to listen to her telling us stories which are nearly always very, very funny.

Grandpa is tall and has a big tummy. He always jokes about it telling us that it is big because of the good food granny cooks. He is bald and jokes about his lack of hair too. He is very jolly and is always joking about everything.

Sometimes he takes us to his garage to show us some new things that he is making like for example a toy car or a wooden airplane. Once he made a wooden plane for my sister which she really liked.

We all love our grandparents as they are so jolly and before we leave them to go home, they always give us presents.

Complete the sentences
