

# The Postcard

Class Test

A doctor was having an (1) \_\_\_\_\_ with his nurse. (Shortly afterwards) she told him she was pregnant. First waiting for (2) \_\_\_\_\_ to know, he gave the nurse a note of (3) \_\_\_\_\_ and advised her to go to Italy and have the (4) \_\_\_\_\_ there.

"But how will I get postcards the (5) \_\_\_\_\_ to home?" she asked. He replied,

"Just send me a (6) \_\_\_\_\_ and write 'spaghetti' on the back. I'll take care of expenses."

Not knowing what else to do, the (7) \_\_\_\_\_ took the money and flew to Italy.

On (8) \_\_\_\_\_ way by and then one day the doctor's (9) \_\_\_\_\_ called him at the office and said,

"Dear, you've eaten a very strange (10) \_\_\_\_\_

\_\_\_\_\_ is the real baby from Europe, and I see" I understood what it means!"

The doctor said, "Cheer up until I get (11) \_\_\_\_\_ and I will explain it to you!"

Later that evening the doctor came home, read the postcard, fell to the (12) \_\_\_\_\_

\_\_\_\_\_ with a heart attack. Fortunately he was taken to the (13). The head nurse stepped back to comfort the wife. He whispered (14) \_\_\_\_\_ had precipitated the cardiac arrest.

As the wife picked up the card and read, "Spaghetti, (15) . Spaghetti, Spaghetti -

Two with (16) and meatballs, two without".
