Implementation:

1. Introduce and extend vocabulary as appropriate. You may wish to do this a chapter at a time, or in line with the chapter vocabulary support materials, which chunk several chapters together as you progress through the book (1-4, 7-12, etc.).
2. Before beginning the book, brainstorm predictions based on overall glossary, cover and other story cues. At the start of each chapter or assigned reading section (which may include several chapters together), recap previous story events as a group.
3. At the end of each chapter, have students create a diary entry on behalf of Phillip's character. Although he is unable to see for much of the book, it is a valuable way to capture the story from his perspective. Publish complete diaries as a culminating activity for the book.
