

**Appendix Table 1: Summary**

<p><b>Section 1: Introduction</b></p> <p>1.1.1. The purpose of this study is to investigate the impact of the proposed intervention on the effectiveness of the current practice.</p> <p>1.1.2. The study is designed to evaluate the impact of the proposed intervention on the effectiveness of the current practice.</p> <p>1.1.3. The study is designed to evaluate the impact of the proposed intervention on the effectiveness of the current practice.</p>	<p>1.1.1. The purpose of this study is to investigate the impact of the proposed intervention on the effectiveness of the current practice.</p> <p>1.1.2. The study is designed to evaluate the impact of the proposed intervention on the effectiveness of the current practice.</p> <p>1.1.3. The study is designed to evaluate the impact of the proposed intervention on the effectiveness of the current practice.</p>
<p><b>Section 2: Methodology</b></p> <p>2.1.1. The study is a randomized controlled trial (RCT) comparing the proposed intervention to the current practice.</p> <p>2.1.2. The study is a randomized controlled trial (RCT) comparing the proposed intervention to the current practice.</p> <p>2.1.3. The study is a randomized controlled trial (RCT) comparing the proposed intervention to the current practice.</p> <p>2.1.4. The study is a randomized controlled trial (RCT) comparing the proposed intervention to the current practice.</p> <p>2.1.5. The study is a randomized controlled trial (RCT) comparing the proposed intervention to the current practice.</p> <p>2.1.6. The study is a randomized controlled trial (RCT) comparing the proposed intervention to the current practice.</p> <p>2.1.7. The study is a randomized controlled trial (RCT) comparing the proposed intervention to the current practice.</p> <p>2.1.8. The study is a randomized controlled trial (RCT) comparing the proposed intervention to the current practice.</p>	<p>2.1.1. The study is a randomized controlled trial (RCT) comparing the proposed intervention to the current practice.</p> <p>2.1.2. The study is a randomized controlled trial (RCT) comparing the proposed intervention to the current practice.</p> <p>2.1.3. The study is a randomized controlled trial (RCT) comparing the proposed intervention to the current practice.</p> <p>2.1.4. The study is a randomized controlled trial (RCT) comparing the proposed intervention to the current practice.</p> <p>2.1.5. The study is a randomized controlled trial (RCT) comparing the proposed intervention to the current practice.</p> <p>2.1.6. The study is a randomized controlled trial (RCT) comparing the proposed intervention to the current practice.</p> <p>2.1.7. The study is a randomized controlled trial (RCT) comparing the proposed intervention to the current practice.</p> <p>2.1.8. The study is a randomized controlled trial (RCT) comparing the proposed intervention to the current practice.</p>
