

Hi I'm puzzled. Can you help me out by putting in the numbers to make these number sentences correct?

Can you find two ways for each answer?

1.  $\square \times \bigcirc = 10$

2.  $\square \times \bigcirc = 10$

3.  $\square \times \bigcirc = 8$

4.  $\square \times \bigcirc = 8$

5.  $\square \times \bigcirc = 20$

6.  $\square \times \bigcirc = 20$

7.  $\square \times \bigcirc = 50$

8.  $\square \times \bigcirc = 50$

9.  $\square \times \bigcirc = 6$

10.  $\square \times \bigcirc = 6$

11.  $\square \times \bigcirc = 30$

12.  $\square \times \bigcirc = 30$
