

Troop 777 Shopping Planner

Use a Meal Planner worksheet to plan each meal, then total up all the ingredients and equipment needed and put them on this list to make your food buy.

Budget!

Your meals must fall within a budget (A Scout is Thrifty!). Typically, the budget per person is \$2.00 per person per meal for backpacking treks and \$2.25 per meal for lazyman camps (the Trek leader determines this amount). If a snack is planned for the day of departure, plan on \$1.00 per person.

Tips:

Avoid individually wrapped meal items – they are 2 to 3 times more expensive that way and they create more trash to carry out.

Shop wisely! Look at prices. Bulk packages will save you money, but don't buy a large amount unless you will use it.

Share common items with another patrol. Share that jar of mustard, mayo, or syrup – don't buy two. Or, bring a small container from home rather than buying more than you will need.

Check the troop pantry for non-perishible items or start your own patrol pantry. This is a good way to make use of bulk purchased items.

Don't forget that cooking fuel (propane, charcoal, firewood, etc.) must be a part of your budget.

Budget Worksheet:

of Meals: _____

\$ per meal: \$ _____

Cost per person: X \$ _____

of People: _____

Total Budget: X \$ _____

Total Spent at Food Buy: \$ _____

Difference from Budget: \$ _____

Bakery
