Summer Jobs

You are a teenager and you are looking to make your first summer job. You have a lot of options. You can work in a restaurant, retail store, amusement park, summer camp and so on. You need to be thoughtful and consider your options carefully.

There are many different types of summer jobs. Here are a variety of things to think about.

You can do the boring things... you can go work for a bit at the local fast food restaurant. This may not be a fun thing to do depending on your attitude towards the job. You have the opportunity to both have a business work that you can get out of if

Alternatively, you can work at a place like an amusement park. This tends to consist of people at the business. You can have an interesting job. You can have a lot of fun and

You can also work at a summer camp, school, or an organization that helps out of people in the summer. The advantage here is that you have the chance to work

It is possible for many people to obtain a lot of money, possibly, either, summer camp programs, etc. You can make a lot of money, but the experience is really important.

How about working for yourself? You can have a summer job that is fun, part-time, part-time or weekend.

On your own if you can find a job that you might be happy to do where your friends can help you.

Read the text above and say if the following statements are true or false.
