# Principles of Art

In order to create a work of art, it is important to apply the following principles of art: Balance, Contrast, Emphasis, Movement, Pattern, Rhythm, and Unity. Use the spaces below to practice each technique.

<b>BALANCE</b> Draw a picture where both sides are symmetrical.	
<b>CONTRAST</b> Draw a picture of opposite elements (Light vs. Dark)	
<b>EMPHASIS</b> Draw a picture with 1 center of interest or focus point.	
<b>MOVEMENT</b> Draw a picture that moves your eyes from one spot to another.	
<b>PATTERN</b> Draw a picture that uses some sort of pattern that repeats.	
<b>RHYTHM</b> Draw a picture that creates a feeling of organized movement.	
<b>UNITY</b> Draw a picture that is visually pleasing and feels like everything works and fits together.
