

# Sorting Triangles

Side 1 - Sort by Angles

Side 2 - Sort by Sides

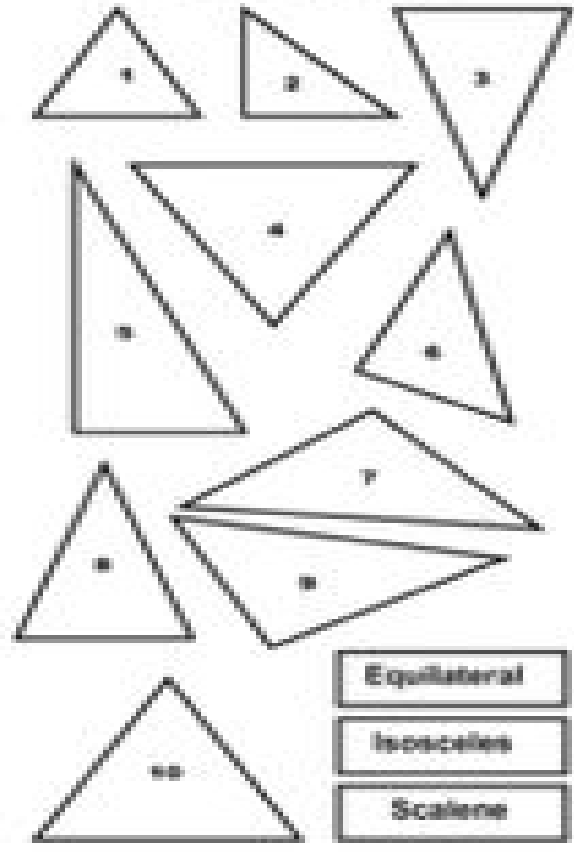

Side 1 - Sort by Angles

This side contains ten triangles labeled 1 through 10. Triangles 1, 2, 3, 5, 6, 7, 8, and 9 are acute triangles. Triangle 4 is an obtuse triangle. Triangle 10 is a right-angled triangle. Below the triangles are three empty boxes for sorting: Acute, Right, and Obtuse.

Acute

Right

Obtuse

Side 2 - Sort by Sides

This side contains the same ten triangles as Side 1, labeled 1 through 10. Triangles 1, 2, 3, 5, 6, 7, 8, and 9 are scalene triangles. Triangle 4 is an isosceles triangle. Triangle 10 is an equilateral triangle. Below the triangles are three empty boxes for sorting: Equilateral, Isosceles, and Scalene.
