

ELEMENTARY INTEGRATED SCIENCE MAJOR

Revised April, 2011

The Integrated Science major for Elementary Certification consists of 38 credits distributed over three areas of emphasis: Life Science, Earth and Space Science, and Physical Science. The courses must include significant laboratory experiences. Candidates for certification in this major must pass the Michigan Test for Teacher Certification (MTTC) in Elementary Integrated Science – DI (Test #93). You must demonstrate your knowledge in the following categories:

Subarea	Approximate % of Questions on Test
1. Foundations of Scientific Inquiry	25%
2. Life Science	25%
3. Earth and Space Science	25%
4. Physical Science	25%

You may access a study guide at the MTTC testing site; the courses below have been selected and designed so that you will be well prepared for the test.

In addition, you are encouraged to take Math 205 and 206, Math for the Elementary Teacher, *which may count toward the General Education requirements.*
