

Functional Skills: Mathematics - Entry Level 3

Sample Lesson Plan 3 - Theatre Assignment

Course Title:	Curriculum reference:	Subject: Functional Mathematics	Time: 9.00 - 12.00
Apprenticeship programme		Level: Entry level 3	Date: 00/00/0000 Room: 16
Tutor Name:		Lesson number:	Lesson number
		Assignment number:	Task number 003
		Task activity	Theatre night activity

...represents

- For learners to feel confident

Learner resources

Department store assignment and

Tutor resources

Wipe board, flipchart

DIFFERENTIATION:

MUST participate in exercises (be able to compare weight using a balance scale)
 SHOULD complete a card activity (put objects in order of weight from lightest to heaviest)
 COULD gain an understanding of how weight need not be related to size

RESOURCES:

Practical activity: set of objects (e.g. different types of ball), balance scale and worksheet for each pair or small group of learners
 Card activity: set of cards for each pair of learners, cards should be cut up beforehand, flip chart paper, glue sticks
 Worksheets: one for each learner
 Mini whiteboards, marker pens and board rubbers

small group of learners
glue sticks
