

## EXTENDED RESPONSE MATH PROBLEMS WORKSHEET

I used the strategy \_\_\_\_\_  
(Strategies: guess and check, find a pattern, draw a picture, write a number sentence, make a table, logical reasoning, make a list, work backwards)

First, I ...

Then, I ...

Finally, I...

Explain exactly how you solved the problem using words.

You should also show any pictures or addition/subtraction/multiplication/division problems you used.

Put everything down. Too much is better than not enough.
