

The diagram shows a 24-hour clock represented as a horizontal bar divided into 24 equal segments. The segments are numbered 1 through 24. A vertical line is drawn at the 12th segment, representing noon. The left side of the bar (segments 1-11) is labeled 'a.m.' and the right side (segments 13-24) is labeled 'p.m.'. The 12th segment is labeled 'Noon'. The 1st and 24th segments are labeled 'Midnight'. The labels 'a.m.' and 'p.m.' are written in large, bold letters in the center of their respective halves. The numbers 1-11 are above the bar, and 1-11 are below the bar, with '12' at the ends. The words 'Midnight', 'Noon', and 'a.m.' are placed above and below the corresponding numbers.
