

Plant Needs Worksheet

Visit <http://www.urbanext.uiuc.edu/gpe/case1/c1facts3a.html> and find the seven things plants need to grow. Tell about those needs in your own words.

1. What are the seven things a plant needs to grow?

2. What can happen to plants growing in small places?

3. Why is it good to know where plants come from?

4. How can a plant tell you when it isn't getting enough light?

5. How can you tell when it's time to water a plant?

6. Plants use carbon dioxide from the air. What do they return?

7. What are the three most important nutrients for a plant?

Take the test at <http://www.urbanext.uiuc.edu/gpe/case1/c1m1a.html> to see what you know about plants so far.
