

### Self-Reflection Form

<b>Name:</b> Olivia	<b>Class/Level:</b> P10
<b>Date:</b> 11.09.2021	<b>Number of Students:</b> 0
<b>Examine skills to the lesson objectives and personal achievement:</b>	
Describe objectives analysed and how you met them through the lesson. Describe your skills, describe the activities used for your achievement or your learning and expected achievement goals.	
<b>Summary of self-posed problems and solutions:</b>	
Have you been asked to give a talk with the following description? I asked them to expand on their lesson objectives, following from the lesson I designed the next day's activities accordingly.	
<b>Self-reflection skills to the lesson procedure, describe the skills and how effective were they?</b>	
I used the use of the lesson resources accordingly, and during the class I used the problem-solving strategy and self-reflection skills. I used the self-reflection skills to check my own learning and the other students' learning.	
<b>Self-reflection of the lesson:</b>	
The lesson was effective, they were interested in the topic.
