

BLUOFLAMINGO

Site Specification for

Example website

Date: 30 August 2008
Version 1.0

1. Summary

Document details page layouts and functionality for each page within the new website as defined by the site map in "Blueflamingo proposal – Example website Ver.1.2.doc". Please note that this document does not include any design features or page content.

The following items are required from YOU. They have been highlighted throughout the document in **yellow**.

1. YOU to provide list of countries in Wireframe 8: Registration page.
2. YOU to provide list of options in "Where did you hear about us?" in Wireframe 8: Registration page.
3. YOU to advise on how they want delivery costs calculated in Wireframe 9: Checkout. BF to advise on development costs once this is known.
4. YOU to provide their login details for WorldPay in Wireframe 9: Checkout
5. YOU to specify email address for feedback to be sent to in Wireframe 14: Send us your feedback.
6. YOU to advise what "Example company Order reference number" is and if it is necessary for the new site in Wireframe 17: Order list.
7. YOU to advise on content of "delayed" and "dispatched" emails in Wireframe 17: Order list and Wireframe 18: Order detail.
8. YOU to provide structure of current database in Wireframe 17: Order list (2nd page).
9. YOU to advise on a) number of products to be included within the hard coded offer (ie is it 6 still?) and b) the £ saving, in Wireframe 23: Add offer.
