## estimate the sum

Step 1: round each number

Step 2: add the two 10s - use your smart second grade strategies!

1.  $17 + 23 \rightarrow \square + \square = \square$

2.  $42 + 37 \rightarrow \square + \square = \square$

3.  $9 + 73 \rightarrow \square + \square = \square$

4.  $68 + 21 \rightarrow \square + \square = \square$

5.  $12 + 81 \rightarrow \square + \square = \square$

6.  $91 + 35 \rightarrow \square + \square = \square$

7.  $16 + 15 \rightarrow \square + \square = \square$

8.  $84 + 77 \rightarrow \square + \square = \square$

9.  $25 + 49 \rightarrow \square + \square = \square$

10.  $46 + 31 \rightarrow \square + \square = \square$

11.  $44 + 56 \rightarrow \square + \square = \square$

12.  $82 + 35 \rightarrow \square + \square = \square$

13.  $57 + 9 \rightarrow \square + \square = \square$
