Can You Make a Living With a Temper Like That?

To be successfully involved in most jobs and businesses, people need anger management skills. Some people who lack anger management skills believe that they will be able to support themselves even though they can't control their temper. Here are some of the reasons they believe that they will be able to succeed financially as adults. Do you believe these explanations and reasons?

"My boss won't get that man out of my house. I want to get him out of my house."

"You're getting me out of my house. I want to get that man out of my house."
