 Class Period _____

Common Elements in Our World

We use elements and compounds everyday. Below on the left are the names of some of several elements and compounds you studied in your book. Match the element or compound name on the right to the correct name.

- | | |
|---------------------|-----------------------|
| 1. Aluminum, Al | _____ Silicon, Si |
| 2. Nitrogen, N | _____ Hydrogen, H |
| 3. Oxygen, O | _____ Bromine, Br |
| 4. Chlorine, Cl | _____ Sodium, Na |
| 5. Calcium, Ca | _____ Calcium, Ca |
| 6. Carbon, C | _____ Iron, Fe |
| 7. Copper, Cu | _____ Hydrogen, H |
| 8. Sulfur, S | _____ Nitrogen, N |
| 9. Oxygen, O | _____ Carbon, C |
| 10. Potassium, K | _____ Calcium, Ca |
| 11. Zinc, Zn | _____ Calcium, Ca |
| 12. Lead, Pb | _____ Calcium, Ca |
| 13. Silver, Ag | _____ Calcium, Ca |
| 14. Tin, Sn | _____ Magnesium, Mg |
| 15. Strontium, Sr | _____ Hydrogen, H |
| 16. Magnesium, Mg | _____ Silver, Ag |
| 17. Sodium, Na | _____ Hydrogen, H |
| 18. Lead, Pb | _____ Hydrogen, H |
| 19. Calcium, Ca | _____ Hydrogen, H |
| 20. Hydrogen, H | _____ Hydrogen, H |
