

Name \_\_\_\_\_

## Syllabication

Use the VCCV rule of syllabication.

Separate each word into syllables.

VCCV – words are separated into syllables when two spoken vowels (V) are separated by two consonants (C).

**carpet**

**carpet**

The two consonants **c** and **p** are separating the two vowels sounds in the **car** and **pet**.

Vowels: a, e, i, o, u

- |             |       |
