

Unit 2 - WorkSheet 2

Reverse Addition Sums

Sometimes the answer for a sum will be at the **beginning** of a sum. Solve these by working **backwards** and completing a **reverse (subtraction)** sums.

1. ____ + 3 = 6

10. ____ + 14 = 18

2. ____ + 8 = 11

11. ____ + 11 = 13

3. ____ + 1 = 3

12. ____ + 3 = 5

4. ____ + 10 = 17

13. ____ + 12 = 16

5. ____ + 5 = 8

14. ____ + 2 = 7

6. ____ + 10 = 12

15. ____ + 13 = 14

7. ____ + 4 = 4

16. ____ + 5 = 9

8. ____ + 9 = 15

17. ____ + 6 = 19

9. ____ + 2 = 10

18. ____ + 7 = 20
