

## THE ANT AND THE GRASSHOPPER

- Read and write the numbers.

It is summer. It is July. The ant collects fifty (      ) grains of wheat for the winter, while the grasshopper sings all day. Then the ant collects 42 (            ) breadcrumbs for the winter, while the grasshopper sings all day. The ant collects thirty-five (      ) pips for the winter, while the grasshopper sings all day. After the ant collects 68 (            ) pop-corn pieces for the winter, while the grasshopper sings all day. Then the ant collects twenty-nine (      ) leaves for the winter, while the grasshopper sings all day. Finally the ant collects 77 (            ) pieces of vegetables for the winter, while the grasshopper sings all day.
