

## Metaphor Meanings

Name \_\_\_\_\_

Figurative language includes special forms that writers use to help readers make a strong connection to their words. A **metaphor** is one kind of figurative language. It makes a direct comparison of two unlike things. You can tell the difference between a metaphor and a simile because a simile uses the words "like" or "as", and a metaphor does not. Metaphors often use a form of the verb "to be". The verb can be in the past tense (was, were), the present tense (am, is, are), or future tense (will be).

All of the sentences below use metaphors. Explain what each one means.
