

Parts of Speech Worksheet Preview

Teachers can use this worksheet separately or in conjunction with my posting, Painting Parts of Speech Word Pictures. The first part is a Mad-Libs-based exercise where students must fill in blanks with the given part of speech.

Example: (n) _____ (v) _____ **into the patch of blackberries after**
(pro) _____ (v) _____ **down the hill. "Are you hurt?" Nina (v) _____**
(adv) _____ **as tears (v) _____ down her face.**

In Part 2, students are given a series of parts of speech. They are to select words of their choosing to write complete sentences.

Example: art-adj-adj-n-v-prep-art-n-adv-art-adj-n-v-pro-prep-art-n.

When they are finished, students can volunteer, or teachers can select students to read their Mad-Lib and to write their sentences on the board.
