

Cell Processes

Section 2 Moving Cellular Materials

Skim Section 2. List three headings you would use to make an outline of this section.

1. _____
2. _____
3. _____

Review Vocabulary

cytoplasm

Define *cytoplasm* to show its scientific meaning.

New Vocabulary

Write the vocabulary term that matches each definition.

movement of substances through a cell membrane without the use of energy

occurs when molecules of one substance are spread evenly throughout another substance

energy-requiring process in which transport proteins bind with particles and move them through a cell membrane

process by which a cell takes in a substance by surrounding it with the cell membrane

process by which vesicles release their contents outside the cell

type of passive transport in which molecules move from where there are more of them to where there are fewer of them

type of passive transport that occurs when water diffuses through a cell membrane

Academic Vocabulary

facilitate

Use a dictionary to define the term facilitate.
