Comparison Shopping

One way that consumers can strengthen their position in the marketplace is by being informed. Unfortunately, that takes time, and for what??? Pennies??? Dollars??? Lets find out.

Whether it is tools, groceries, clothes, or lumber all consumers have choices. Your assignment is to pick 10 items in a specific category (like clothes, groceries, cleaning supplies, tools, hardware, etc.). Then you are to find the same products in 3 different locations. Record the information below and total the costs if you were to shop at each store. Then answer the questions at the end.

Item	Store #1	Store #2	Store #3	Best Price
#1				
#2				
#3				
#4				
#5				
#6				
#7
