

PLANET RESEARCH

Research the major planets in our solar system. When you have found the answers, fill in the planets.

Mercury

Distance from the Sun _____

Length of time for one revolution around the Sun _____

Diameter _____

Temperature _____

Number of moons _____

Venus

Distance from the Sun _____

Length of time for one revolution around the Sun _____

Diameter _____

Temperature _____

Number of moons _____

Earth

Distance from the Sun _____

Length of time for one revolution around the Sun _____

Diameter _____

Temperature _____

Number of moons _____

Mars

Distance from the Sun _____

Length of time for one revolution around the Sun _____

Diameter _____

Temperature _____

Number of moons _____

Saturn

Distance from the Sun _____

Length of time for one revolution around the Sun _____

Diameter _____

Temperature _____

Number of moons _____

Jupiter

Distance from the Sun _____

Length of time for one revolution around the Sun _____

Diameter _____

Temperature _____

Number of moons _____

Uranus

Distance from the Sun _____

Length of time for one revolution around the Sun _____

Diameter _____

Temperature _____

Number of moons _____

Neptune

Distance from the Sun _____

Length of time for one revolution around the Sun _____

Diameter _____

Temperature _____

Number of moons _____
