

Time to Cook!

Word problems

Write the correct answer on the line then draw the answer on the clock.

1. Martin started grilling fresh vegetables at 3:10 P.M. The vegetables will be done to perfection in exactly 15 minutes. What time will the vegetables be finished?

2. Maria is baking cupcakes for school. They must cool for 1 hour before she can frost them. If the cupcakes finish baking at 12:15 P.M., what is the earliest time Maria can begin to frost them?

3. Tanesha makes a delicious casserole that has to cook for 45 minutes covered and 20 minutes uncovered. If Tanesha starts baking the casserole at 4:40 P.M., what time will it be finished cooking?

4. Gail started cooking sauce at 1:05 P.M. It must cook for 3 hours. When will the sauce be finished?

5. It will take Lorna 4 hours to make a loaf of bread from start to finish. She will start at 7:20 A.M. When will the bread be finished?
