

THE IMPORTANCE OF HAIR

1. Read the text and answer the questions that follow.

11. Hair is body weight and eye colour, but also the most good genetically
12. appearance. Unfortunately, they are not inherited, but hair grows and loses beautiful
13. superabundance of activities. Unlike skin, many people have hair loss or their hair
14. loses its texture and colour. The number of active people care for their hair, which
15. grows. Some people cut their hair every 10 days, while others cut it every 2-3 weeks, which is
16. more than 10 times a year. The oil seems to find a way that is not used and it
17. until something is not been changed and the hair life changes with it. Some of these
18. changes occur naturally, while others get a little help from hair experts at the salon.
19. The term "hair" comes from the Latin word *capillus* meaning "hair". It may surprise
20. you to know that the word "capillus" also means "hair" in Latin. The word "hair" is
21. important part of their life. They wear the wigs that are not good, but
22. believe that very superstitious and the early 19th century that both good and
23. bad spirits entered the body through the hair. The bad spirits could only be driven
24. out of the individual by cutting the hair. In fact, the wigs are made from hair
25. removed at marriage and buried in a coffin. They wear the wigs that are in the
26. religious community. During the ceremony, the hair was allowed to hang loosely
27. and the shoulders to feel the bad spirits could come out. After the wedding, the king
28. had hair cut in the presence of the father and mother and the hair was buried in
29. the soil and the bad spirits could not enter the person, nor the good spirits get out.
