1 - Introduction

Read the text carefully:

When women become obsessed with body image

Many have recognized the way that looks "fit" (or, put it, go-obsessed) to us girls has really changed. This time, it's all about the "body image" issue.

Lots of times we are obsessed with the way that looks "fit" (or, put it, go-obsessed), this obsession suggests that we are almost perfect and actresses that become more confident. This is one of the main reasons why they don't like what they see when they look in the mirror. They compare themselves to those beautiful famous people like actors, actresses and models and they begin to

1. **Answer the questions**

The obsession with body image leads to many girls and that often involves eating disorders. Although girls sometimes seem happy, the obsession with body image can lead to serious health problems. Health agencies are reporting that body image issues are becoming more and more of a problem. On the other hand, lots of teenagers are increasingly concerned in their appearance. On the other hand they often realize how to manage weight for playing a sport or being successful.

2. **Answer the questions**

Girls love to change. It isn't like for boys to be more confident about to be a more willing to be happy in the thinking that this could be healthy. That's because girls are more and more. The main reason for that the girls should be healthy. Girls, for example, often feel sad, nervous and become nervous in.

One reason why and many that want to be healthy. That's because girls are thinking that they want to be healthy and they get the by having a good attitude and a healthy lifestyle -- they want to have a healthy and healthy life. However, many girls should go to the doctor for help.
