

**EXERCISES**

Look at the 16 pictures arranged horizontally or vertically and write the correct numbers under the pictures.

The 16 visual puzzles are arranged in a 4x4 grid. Each puzzle shows a square box with a black dot and a horizontal line. The positions of the dot and line vary across the grid, including cases where the dot is inside the box and the line is outside, or vice versa.

Write the correct numbers from the list below.
