

# PUBLIC FIGURES

What do people say about the politicians in Spain?

Are there any public figures that you can't stand?

Who has been in the Spanish press recently? What have people been saying about them?

Do you think you'll ever become famous? How would your friends react if you became famous?

What would you do if you had a lot of photographers at your house?

Are there any famous people who you admire?

Do public figures have a right to privacy?

How do you feel about becoming famous?

How would your life have been different if you had been famous?

Why do you think so many people want to become famous?
