A style of abstract art that creates optical illusions with lines, shapes, and forms.  
Continue the drawing then redraw it.

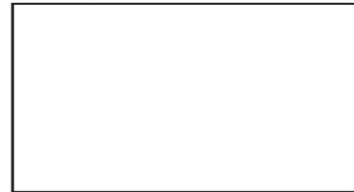

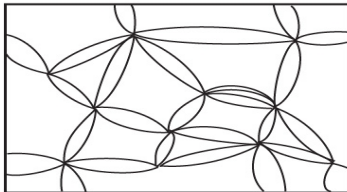

1. draw 7 - 15 dots randomly on your paper.

2. connect the dots with curved lines.

3. keep adding curved lines from dot to dot, making larger curves. Add curved lines until the page is full.  
[\*straight lines will make it look flat, not 3-d]

4. choose a color scheme and color in your design. create 3-d value by pressing harder near the dots and softer in the middle of each section.
