

Get Involved!

Dear Families:

Studies show that parental involvement in a child's education is one of the most important factors in raising student self-esteem and academic achievement. Moreover, most experts agree that parental involvement should go beyond attendance at teacher conferences and open house. We realize, however, that each of our families is unique – with its own priorities, needs, talents, and time constraints and so we try to provide as many different kinds of opportunities for parental involvement as possible. Please review the volunteer opportunities suggested below, and check any you are interested in or tell us what you would like to do. Because our schedule changes depending on the day, please note what times you are available. I will start contacting volunteers and setting up a schedule within the next two weeks. Thank you for your participation!

Help individuals or small groups of students.

Manage a classroom project (In class or organizing things at home)

Chaperone a field trip.

Organize or participate in a special event.

Offer to donate classroom materials.

Read with small groups of students.

Help during workstation/center time working with small groups of students.

Math Game Days
