

Free restaurant business plan template

Pizza Flyers, Doorhangers, Box Toppers and Business Cards are advertising methods which go a long way in increasing sales at your restaurant. You can help your bottom line by getting existing customers to order more, raising your average ticket size, or by finding new customers. Start on the right track with professional-quality free pizza templates.

Free Online Pizza Templates

There are a large number of FREE Templates for Pizza Flyers, Doorhangers, Box Toppers and Business Cards available online. For example, free pizza doorhangers can easily be designed online using pre-formatted templates. Simply choose a beautiful design template and then upload any additional images, graphics, or logos that you want to include. The same is true with Box Toppers or Business Cards templates. You can easily type in your own text (such as items and pricing). Discount offers may be printed on the front or rear face of the design and you can use your own discretion as to how to generate a high response rate from customers.

Essential Tips

The online design tool that you use should be found at a reputable website who services the pizza industry. By doing so, you will ensure that your template is designed by professionals who understand how to sell pizza. The design templates should be high resolution since a blurred print discourages customers from ordering. The details such as address, phone number(s), and website address have to be clearly legible and easily located. A few "delicious" looking photos of yummy dishes from the menu play an important role in tilting the customers mind into ordering quickly. So before you spend hours using a free pizza template, think about your goals, customers, and special offers. By doing so, your free pizza template can generate the highest response rates possible.

Note:

All of the above must be supported by a good printing and distributing company. Consider using an experienced pizza printing company that offers turnkey delivery options such as direct mail. The aim is to reach out and touch the maximum number of potential customers with your targeted coupons and special offers.
