

## Veterans Day Reflections

- Have you ever believed in anything so strongly that you were willing to fight or give your life for that belief? If yes, describe what you believed in and why it was so important to you. If no, describe something you might be willing to fight for if necessary.
- What personal qualities best qualify someone for a successful military career?
- How would you feel if your parent, teacher, sibling, or best friend were called to active duty?
- Do you think that the United States should act as peacekeeper for the world? Or do you think it would be better for our country to leave other nations to solve their own problems? Explain.
- Describe how your life might be different if the United States and its allies had lost World War II.
