

NAME _____ DATE _____ PERIOD _____

Vocabulary Journal (Integers Unit)

You will begin this unit by defining the terms you are studying. Then make a drawing that illustrates the term or give a detailed example.

Focus: As you study this unit, discussions will help you make connections between the terms and the unit being taught. Visualize the drawings that you use to illustrate each term to aide in deep processing. A vocabulary quiz will be administered at the end of the unit.

Vocabulary Word <small>I=Internet or Page Number</small>	Definition <small>(from Textbook/Internet) themathlab.com</small>	My Definition <small>(In my own words)</small>	Illustration/Example <small>(Be creative. Put some thought into it. Add color for emphasis. Use high-level examples.)</small>
