

Name _____

Date _____

It's a Matter of Change

Each power burst contains a picture of a change in matter and a description of the picture. Decide whether the change is physical or chemical. Then write your answer on the line.

1. melting of ice cream

2. a burning match

3. exploding of fireworks

4. sanding a piece of wood

5. tearing a piece of paper

6. making lemonade

7. baking a cake

8. carving a statue out of marble

Bonus Box: On the back of this sheet, draw three more examples of changes in matter, including both physical and chemical changes.
