

Art History Timeline: Listed below are the periods, schools, and styles you will be studying. Each month you will create **Period Notes** which define, explain, and give examples of the **bold periods listed below**. The number of periods varies monthly from a low of two to a high of eight. Two **Period Notes** worksheet has been included in each month's packet. More are available in the library and from subject teacher. You may also make your own template (on your own computer) using the same questions. During months 1-3 no **Meet the Masters** are required.
