Worksheet: Cell Structure and Function Analogies	
Name_	
Fill in analogies you notice in the video "Cells are like a Factory" or from the purple book "Inside the Cell" or from student work on the posters at the back tables. You may also consult your textbook to fill in the "because" parts.	
1.	Nucleus is like the cell's command center or boss
	Because it directs the cell's activities and contains DNA, which has instructions for making proteins.
2.	DNA is like
	Because
3.	Cell Membrane is like
	Because
4.	Cytoplasm is like
	Because
5.	Endoplasmic Reticulum is like
	Because
6.	Vesicles and vacuoles are like
	Because
7.	Golgi (body) is like
	Because
8.	Lysosomes are like
	Because
9.	Mitochondria are like
	Because
10	ATP is like
	Because
11	Ribosomes are like
	Because
12	Proteins are like
	Because
